I saw a large boat when I was in my bed resembling Noah’s Ark, this was after my mother read the Bible to my sister and I as a child.

I held a Bible in court, started talking about the Iraq War being immoral, stormed out slamming the door open holding my fist angrily, I apologized for slamming the door to the lady working there, some security guard followed me out and said go to Afghanistan to me (he was Jewish), he kept jeering at me, I was near my car and I turned around angry and said to him from a distance “**** you fat***”. It just came out of me an anger I have never achieved in my life, and it had to come out of me I couldn’t hold it in if I tried. If you believe me, you know scriptures are not toys. Scripture will make you act in a way that is unlike your character.

I saw it me in my 40's when the Quran came in the mail to which I was crying.

I saw clouds in a Church.

I was crying in a separate Church wondering how all of this is possible looking up in the church in amazement.

I saw Prophet Muhammad on five different occasions (tall 5’11ish, he was over 185 pounds, two layers of clothing one of which was a tan thobe, a beard that didn’t stand out, a tan turban on his head, serious eyes, the same clothes with the same turban as Shadi a character from Yugioh, Prophet Muhammad had no cape, many women would find him attractive, a portion of women may not find him attractive. I saw him once in my room, once at a Mosque, once at a group therapy session when talking to someone he was behind me, two more times I forget where.

I saw Prophet Muhammad while praying in a Mosque, when I got up, I saw him, when I prostrated the 3 times and came back up, I saw him each time. I had never seen someone happier than him when I saw him at the Mosque.

I could have sworn I saw Jesus wearing all black with a turban around his head the first time. It had to have been Christ because Prophet Muhammad was wearing tan.

I saw an Angel twice (female, same one, tall, small blonde hair dress, bright, white or gold skin)

I saw an Angel once (female, tall, all white dress wearing a cloak that covered all except her eyes and her face skin I which could see, bright, she looked Arab and nothing else not part German or biracial). I don’t know so much about the angel twice before, but this angel I am very sure of you can know.

I heard one, it sounded exactly like an alien except with ringing making it the most disturbing noise ever, demon be gone.

I saw a small Angel with wings throw a sheet to me for the cold weather that had disappeared. Lord, did you answer my prayer when I had asked for a sign of your approval?

I saw a cloud, a foot and an arm emerged from the cloud. One after another hit at me while I was laying in my bed.

I was leaving a Mosque and I saw myself happy in the car ride.

I kept smiling and seeing Ruhollah's face.

I saw her one-night smiling.

I almost saw two angels with arms around my shoulders while studying the Holy Bible. I forget this, but it might be it

I was crying one day, I was scared my life was over I thought my brain had failed and I wouldn’t get up from my desk chair, then I just barely saw a small Angel holding an orange teddy bear, my favorite color is not orange no I am not reading deep into the color of the teddy bear. My favorite Pokémon is Charizard and he’s orange so maybe something to it.

Reminded four times to dress better before going to a Mosque, I was wearing shorts since it was hot out

I saw Matt Denise in person and smiled (this is impossible to explain)

Me signing in a dream, though I have never sung in my life

I had asked for a dream where I was told God supported me, I was being shaken in my bed at my mother's house under sheets by a person or something who kept saying "I support you!"

I had a dream where I was a place I not thought was possible, there was a girl in her early 20's with black hair and white skin if I recall correctly. I can't remember the dream at all or the sense of it, she looked so distinct, but I can’t remember

The dream was so special words cannot describe, if only I was allowed to be who I am not. Maybe someday you will see your own vision of who you are.

I had a moment that was so special where I was in too much physical and mental pain where I thought I put in too much work in life, and I wanted to complete it. It lasted around 30 seconds, but I can’t put in words just what it meant to me.

I was in a car ride with someone, we were exiting the Dunkin drive through, and I just felt it where I am confident I am right that the Lord is one. It hit me like a big fact was being put in me, if only there was a better way of explaining this. All I could think about was Allah for 10 seconds.

I saw a large boat when I was in my bed resembling Noah’s Ark, this was after my mom read the bible to my sister and I as a child

I saw a photo of Ali on the internet, and I was bawling my eyes out crying the most I have ever cried in my life, and it was out of nowhere too

I can picture a female Angel while we are explaining what I had said during Judgement Day, I am sitting near a desk in a dark room where she is standing up near the door where she has to walk out which she does. She’s making a serious disapproval face at the questions I had asked people on this earth knowing at times it was not appropriate, but I had wanted the answer admittingly getting a thrill, but the answer mattered more to me. She is looking at me as if who are you James? What gives you that right James? Do you not know better James? She is not angry but frustrated and done talking to me. Mind you, this is after you FINALLY listened. You may not get your dream scenario, wake up James. Quran 5:101

I got more given to me at the place we spent a great time together. How this material is coming so quick I am not only amazed, but I have no clue at all. It is almost as if I had finally listened to you.

I have a feint understanding and vision of how I could walk with such a poise none could match, and words cannot possibly describe, the whole room is completely silent, and it is dark in room

Something miraculous can go on in a group home, I thought this was impossible, anywhere but here even a jail cell or a mansion

I keep repeating and I hold so dear that someone always ruins it for everyone in history, I hope my actions did not and were the least fair and reasonable. I can only hope I am smart, and I listened to what your teachings have shown me.

I met Muhammad in a group therapy where I was worried and he came to me, was that approval on your part Allah? I will never know but I think so.

Do I genuinely care for these people who are overseas dying, or do I do it mostly for my name and character? They are on mind. But I will never know for sure.

I can’t get the words out of my mouth no matter how hard I try. Only you know why.

What I once thought was awesome and people here wouldn’t agree with, I now no longer want. It is as if you have finally got me to grow up in some way.

Is there a reason why I am laughing when I hear your name at all times? I will never know for sure.

Is it possible I have the slightest bit of creativity after all of these years? I do not know this.

Do I have a talent I not even know nor may ever?

As only you would know, it was very difficult to leave Christianity as if I was leaving Christ himself though it was very easy to leave catholicism for good at a much younger age of wisdom.

It is as if you can always work with a guy like me no matter what and that people choose not to listen for reasons I can never understand but only you can Allah.

Only you know the one thing that I really want to do on this earth, but the odds are near impossible for a guy like me

It’s as if you were giving me advice for someone who just doesn’t fully get it yet on how to dress properly again as you know

Is it that my heart was broken again to better understand your power?

The ones that claim to be professionals are the ones that will never listen for a reason

Is it far easier to sell out than I had thought?

Is it that some people are so smart they somehow overthink the reality you have provided us with?

Is it that if he forgot, he had told me the truth all long?

It is as if you knew who was right all along.

It is as if we people know who will answer the call when need be!

We Muslims have to hold on so tight for the ones that will fix the problems the world has created for those who care for it most.

What do you truly think of Islam my Lord? I request to know someday.

You had shown me a smile, from myself and your final Prophet!

Do you have a plan so big that two types of people who will never get along that should be separated will unite as one? You amaze me so much!

Sometimes the irony can be too much for me when involving a family member.

It shows how serious pride and arrogance can really be with the Ummah you have ownership of, that somehow we forgot you for ourselves, a true evil!

Which memory hurt the most or what was taken from me that hurt me the most? I would love to know from you Allah.

I am a true believer no matter what I do. I can prove this because I went over to my sister’s dog who was sitting and let her lick me. I said to her “good dog Piper good dog, Allahu Akbar, Allahu Akbar” peacefully. I never intended to say Allahu Akbar twice it just came out of me for how I feel towards Piper, and she wants to protect me from whatever danger could harm me. I told her that Allah wins. I’ve only been a Muslim for 4 years.

It's as if I forgot who I once was again

There is not a limit to how political you truly are Allah

It’s like you knew me well at that waiting room

Is it that it helps your cause but that I cannot understand at all? Am I half right? You only except the best from us Allah

I called to you, Jesus, Muhammad, and Allah when I need you most I had thought but I didn’t even know. What I thought was the final straw for me may guide me to a better future.

Did you know the place better than I do?

When you don’t have the answer, we may just have to trust you!

I know how I will dance when I meet you Allah

Wisdom truly is the most valuable trait of all oh Allah

Maybe the joke there wasn’t funny at all when I truly thought it was given the face the psychiatrist made at it. Atleast even the psychiatrist knew it was a joke despite the relationship we had with each other.

Is this a lesson with Piper bigger than I can ever imagine? I don’t know, I can’t answer this.

Do you think many ways instead of one? I take interest in you my Lord.

No one has a clue where the Ummah is at or headed. We know some factors that are obvious that will happen in the future, but my Lord this proves you are truly one step ahead. Your earth is so vast, yet I couldn’t understand for some reason.

We believers will never know what the right response is to when you are mocked where Christianity and Islam could not be in more disagreement in today’s earth. Another example where you are a genius.

The neighbor’s cat was so friendly, I couldn’t help but say “Allah Akbar” saying it peacefully

Is it that you my Lord are looking at those who give their honest efforts given what we have lived through and what we have seen? As you know better than I could ever, we are forgiven for any sin provided we are willing to listen again and again. Did I get religion so wrong at such a young age in faith? It sure seems that way.

When was it a lesson for me? When should I feel genuinely sorry for someone? I won’t know until I meet you my Lord.

I was so happy my Lord I had forgotten what a miracle was so many times.

Allah I truly feel that you do almost if not all the work for me personally to get me to get my act together no matter how much work each day may bring.

Sometimes Allah I will never know when you step in when it is needed most.

The 8 doors to Jannah may mean so much more about who we all are where I can never understand, I know the one I would always pick my Lord.

Did I not make it clear to them they are not my friend, nor will they ever be?

So, all you wanted to do was protect as you had tried to show us believers to this day, yet we believers know so much.

Everything is funny until it happens to you or a loved one. Lessoned well learned Allah.

Could there not be a bigger hero than one who teaches Islam in the world today no other profession? The good done through this will always spread this way.

Is there irony in this? I request to know my Lord.

Is it a miracle of some sort that we are halfway across the world, but we still know about the Palestinians the truth about them?

What if I was wrong all along about Palestine, what if everything was fine after all? But we still must show our support to be believers. I will have to ask you my Lord.

Were you giving me the insight I would want? I’d like to know my Lord.

If the believers of today trusted in Islam more they would trust others who they knew meant no harm at all but disagreed with 100% on beliefs where the believers instead chose to be always friendly towards others instead of the alternative which you my Lord know too well about.

Was my roommate telling me the truth that about giving religion another shot? Only you know since I only know so much.

Are you trying to protect my friend as a result for what has happened to his family with the anger he has since it will never work no matter what? I do not know my

Lord nor will I ever on this earth. I had not thought this at all! He did however do great talking about Iran as a country to be trusted fostering no anger towards Iran at all. Was this a message so much larger than I could ever imagine?

Can you claim something so big like this that they bring up the discussion of religion based on how they present themselves in a conversation to you? I would like to know when I meet you my Lord.

Is there a reason so big that nobody in the entire earth wants to admit fault in what they do, what they are passionate for? We know people will never give up what they do no matter what. You know the answer to this Allah. Maybe I cannot ever understand this, yet most people can understand this concept so well. As you always say in your Quran, don’t lose hope nor be sad Quran 3:139. Islam, is your team Allah or as you call your Ummah, deen, correct?

Is it possible the governments love their citizens too much? Does such a concept exist? I do not know, only you, the Prophets, and the Angels know my Lord. I know for a fact it is you Lord have the power to love the most along with your Prophets, not us my master.

Allah made them forget themselves Quran 59:19, what does this truly mean Allah? No scholar can truly grasp this verse.

Sometimes the care can just come out of you.

Sometimes my Lord the slightest things are reminders for me such as opening a door I have opened for 9 months; I do not know how or if I am on to nothing here with this.

My Lord you simply must respect us Muslims in some way to give us the right to not befriend someone who does not believe what we believe yet wants nothing more than to see good in us. This shows us Muslims that yes we care and love for what we believe, our values which we cannot possibly put a price on. You always tell us to be respectful at all times or keep silent as you say, that is a value us Muslims cannot help but praise you for Allah!

All of Adam’s descendants wanted to return the favor they were given yet some of them couldn’t, that is how I believe it will end my Lord.

Muhammad wanted to be their best friend, but those who believed but later on in life disbelieved couldn’t understand the weight of his words and they knew they were not going to make any sacrifices for what Allah’s religion. Yet the disbelievers lived in Arabia let’s say 30 years ago but they left Islam having not felt the Ummah after so many great years in their teens. The door was open always for them, but they just would not gather to the call of the leaders who wanted to build them up, not because the disbelievers here were rebellious, they just took no interest at all. You, my Lord is the decider, not us Muslims.

If humanities first goal is happiness, and you my Lord promises us happiness in the Hereafter as the first priority of yours for us humans, does this not show you exist? Your Prophet always smiled, did he not? Quran 13:29

Sometimes you just have to feel shame no matter how much you insist that it is not a problem when it should be fixed my Lord.

The very thing that built us up the fame we had gotten with Muhammad as our leader the statement we had made will tare the Ummah down my Lord.

We had sworn to protect our humility through generations and generations. We loved what we did so much, and we would share it with anyone, one day we thought we made this great discovery, yet it was the opposite. We became the biggest jerks known to mankind. Instead, what had happened was our own children grew up worse than we could ever imagine, now since everyone hates us since we wanted every enemy possible, no one could possibly miss us. All we cared about was being right, nobody else, the brotherhood never mattered to us.

Was something so minor that me and my sister being smacked as children something so huge that made it possible for me to understand right from wrong and logic? I simply must ask you when I meet you my Lord?

There is no limit to how I could be viewed by Muslims in a Mosque for the religions sake my Lord being that I am a white convert and am not leaving for the rest of my life.

The Angels will give such a look of disgust where you are an immoral person for questioning one Quran verse or the hadith’s that are graded sahih to say probably also the Bible for the accurate stories in it where you say, “I don’t agree with this idea for society”. Am I correct here? I request to know this, I am very sure of this my Lord.

You got the mockers of Islam at the dark comedy shows back on this earth in a way we did not see coming where their fans laughed all day at. Did you not, my Lord? Yet, we Muslims could not help but be insulted by it.

How I still care enough to be on her side if ever she were insulted even though she supports everything you know me to despise I do not know. Is this because she too would protect me from some monster? Is this something she would do for me seeing a true injustice done to me? I will ask you when I meet you someday my Lord. I can never understand this feeling I seem to have to still care about her in some way.

So it was THAT easy my Lord?!

Did your Prophets and Angels not try everything they could to make your parents relate to you in some way, yet they were part of a different generation? But you both love football?

I am calm when I talk and poised my Lord, the miracle you have performed for me personally.

Have I finally made myself able to accept this reality despite me living being born in America and living in America my whole life where this is all I know? Wow, I am amazed my Lord if so!

I now know the reason know why “science” is never defined and “we are always learning about science”, yet the “scientists” will gladly accept your “theory” that the sun will never lose its heat. Yet you never lie once.

The Muslims during End Times had confused “care” with what they thought was best, so they did something for a political reason and not for a reason of truth which you had told us in the Quran to always tell the truth about your scripture and hadiths.

Allah, when I meet you, I would LOVE this answer, maybe the most. I get a great sense, but I cannot get the answer.

Allah, you must know me too well, it’s like I couldn’t accept this truth, I just wasn’t ready for it, but know I realize it, that yes you always know me, everything I believe, everything about me. Quran 65:12.

Was one of your goals of your final Prophet to protect the Prophets in a way we couldn’t see coming? Did you not want your Prophet Isa to be mocked in anyway possible, yet the disbelievers thought they could all day? It would seem your final Prophet Muhammad, protected Prophet Isa. Did you also make sure that people mocked Muhammad, yet they would never mock you Allah, only your final Prophet Muhammad? If the disbelievers wanted to mock you, well they would gladly mock Judaism and Christianity you Allah as being the God of the two faiths which they do all day. Genius again of you Allah if so, but you Allah, will never tolerate mocking the Prophets nor you. Yet most of the Christians, said nothing when the disbelievers thought they were mocking you Allah.

The disbelievers claim that Muhammad could marry anyone’s wife at any time. But Allah, isn’t Muhammad under the law you set for all of mankind that Muhammad nor any other person is not entitled to be with my wife or wives in Paradise? Does this fact not matter to the disbelievers who want to always be right when insulting your faith?

Seeing no purpose to life, the once successful, loved by everyone, who barely ever sinned, the leaders all the youth aspired to be just like, they had forgotten the whole Quran they had once memorized years ago. They didn’t know if the Quran was infallible or not, it was simply no part of their lives anymore. Because they had seen no purpose since they are a totally different person, they had no need of the truth. Now, they have nothing, they do not care to ever be called a disbeliever, it has no merit nor would being called a Muslim matter to them at all.

When the Ummah doesn’t care, the disbelievers always win no matter what? Am I correct Allah?

Allah, did you and your Prophet Muhammad not get the men to want better women where what they had was simply not good enough for a Muslim man? Umar being as an example? As you and I have accepted, the better the woman, the better the life for both the Muslim man and the Muslim women. But Allah, you made it so a Muslim man can marry a People of the Book women, yet you and I may know the truth where the best of women is at. Allah, you do not make errors, I would love to ask about this one why a Muslim man can marry a People of the Book women, clearly you trust us Muslim men in some way to make it work to the best of our ability. Or does it work equal with marrying a People of the Book woman? I will never know this until I meet you Allah, you are a genius of some kind.

Allah, your words you describe the Muslims, and the disbelievers are facts. They are not to be debated and they never insults, they are realities. Am I correct here, my Lord?

Allah, is there a good reason why no one can ever claim their time is worth more than prayer in Islam where you require at least 3 or 5 depending on Sunni or Shia? Allah, why is your priority making sure that all Muslims pray daily? I don’t know this answer. I will have to ask you when I meet you someday.

Were the generations who were younger than us that similar to us, but Israelites would not believe it at all being that we just couldn’t possibly relate? I have a question to ask you about this, my Lord.

Sometimes you have to get upset Allah, is this correct? You don’t just suppress being upset at something you have “taught” yourself never to get upset at ever to not care at such a label? I must ask this to you, my Lord.

Did you hide me, my Lord? Is that what you truly wanted for society? Did you have a plan greater than I could ever imagine for me that I could never see if I tried? Since I learned to share the truth with the world, I had gotten it so wrong when I thought I couldn’t be more right.

Did honor thy father and mother as one of the Ten Commandments, did it mean something so much more than what we could possibly see? Could there be a danger far bigger than one could possibly see for violation of this Commandment? Only you know Allah, and you are the master of all things.

Lord, I have to ask you this, is that when relationships such as friends and marriages, is it that we think we know best when things are failing? So, we try something new thinking it will work for a loved one when it only brings us a bit of joy? Where we had met and got along, it no longer worked, we were both not feeling the connection we once had. Also, is it better to let go of a friend, family member, a wife on this earth yet it hurts inside so much for all the efforts we gave? I will try to expand further on this when I meet you Allah.

You must be a genius to preplan at least some of this for me if you did.

Was your Final Prophet Muhammad's vision worldwide or did the Ummah make his vision such? Your Quran says that Muhammad was sent for all of mankind, is this what you intended for my Lord? I believe that verse could mean something different.

I am convinced my Lord that you do not want the next generation caught up in what I am in? Is this true my Lord? I almost know you told the truth that you own full property over every child in the world regardless of their parent's religion. This was since the beginning of time and will always be there my Lord.

I am confidence as all Sunni's are, but no Shia's are that Muhammad's favorite wife was Aisha and not Khadijah. Am I right, my Lord? This means my whole life on this earth now, I will always be Sunni. I must bring up this up my Lord, however that your Angels will ask me this question first before I meet you.

The Israelites had forgotten the Ummah by accident I think, my Lord. You know the answer for sure that I do not know.

Again, I had gotten angry

Lord, is the love of a girl so dangerous you completely forget every time you who loves us the most? I ask.

Lord, when some people look at me and they do not get angry nor care what I say at all, is that the proof I need to know who doesn't believe in you? Is something like that enough to know, my Lord? The look is of nothing, no expression at all.

Lord, did we Muslims sign an agreement that as long as we do not forget you, you will never forget who we are as people? I will never leave nor forsake you, a verse I may never forget.

Lord, you taught me that although I can run fast, I can never hide from you, ever.

Lord, when was what the Israelites thought to be wisdom their downfall? At what point in your scripture was it such?

Lord, did you remind me that I will not quit to the best of my ability.

Did I care my Lord when I clearly want no part of the field?

I think I got it right again my Lord, you can confirm this for me.

Allah, would it have been more difficult on me if I came from a strict buddhist life? I ponder this, my Lord.

Allah, is the reason why in the hadith's you teach us Muslims not to listen to musical instruments because you knew it props people up? I request to know, my Lord.

Still, I am humbled, my Lord.

Allah, you know who documents your religion of Islam correct. I request to ask you how well I did making sure to add no mythology to your infallible religion.

Lord, did I see the Devil watching the final scene of that movie?

Did I understand a slight bit of your anger again, my Lord?

Lord, maybe I understand you better than I had thought, but I may never know for sure.

Did I give him a good deed? I think I did just that, my Lord.

Allah, how can I get past things that hurt me too much when they shouldn't that I tried my best to prepare for? You are the master, we are the students.

Allah, do I see more in your humans than they see in themselves with exception to your Muslims who already get it all correct? I must ask, my Lord.

I told him good didn't I, Allah?

Allah, how much do I love the deen? Where would I rank in love for your faith?

Allah, what are your expectations that I believe exist for us Muslim men and the Muslim women?

Allah, how do you weigh and view wising good on others as part of your deen for us Muslims? In what way do you view how you want us wishing Islam for our brothers and sisters in faith?

I cannot thank you enough for the knowledge, Allah.

Only you Allah can understand how much I truly miss her.

Can someone be silly and still receive your blessing my Lord? What level of silliness is too much if there is one?

Allah, how do you and your Angels feel about generalizations?

Allah, are there instances where us humans are neither in the right nor in the wrong? I ponder this, oh Lord.

Allah, how am I to understand your deen? Which commentator or political figure was the closest to being right about your deen? We all seem to disagree over what exactly Islam is on this earth. This, I cannot put in words how interested I truly am to know from you personally Allah, the Lord of all.

Allah, was the greatest test of all to never forget who we are as Muslims?

Allah, what strategy did the Amalekites use to win?

Lord, is there a deeper reason why I say, “it is not funny”, given who I used to be?

Allah, could something I view so minor where it is one event seen get anyone to care provided they want to?

You, my Lord knows who follows your final Prophet and who doesn’t.

Allah, how serious was I supposed to take your countries? I will never know.

Allah, when can I know when there is hope in someone to guide them to Islam? So many Muslims throughout history have wondered this.

Did I become the person I had wanted to be for years?

The Israelites had wished things you would never give, am I right my Lord?

Allah, how horrible was Abu Jahl and Pharoah? Could they not understand any of your Quran and your best Muslims produced?

Allah, I have yet another question for you when I meet you which is about myself.

They claim authority Allah, but between you and me the only authority I know is you, the caliphs, and your Messengers.

My Lord, another was alarmed by me. They will fear your voice more than they could ever fear mine.

Allah, how much do you hate when you are interrupted when talking to a Prophet or a person on the Day of Judgement?

Allah, how much did it upset you when you gave the wisdom in your scripture, and they just wouldn’t listen no matter what? Or did you just brush it off since you are Lord?

Allah, in what regard will men be leaders in Paradise?

The Israelites were what they thought was “ambitious”, but instead they were taking interest in things you had no interest in at all, they simply wouldn’t listen.

The Israelites had mistaken facts with what was known to be opinion or “mythology”

Allah, how big is my heart?

Allah, how special will we Muslims feel in Paradise?

Allah, how important is your Day of Judgement to you? Did I make a mistake thinking this was only about us believers, where this is about you and introducing us to Paradise for all of our efforts?

Allah, your youth would never think to question your might? I believe I am correct my Lord.

Allah, there is nothing I love more than what I believe.

Lord, the one thing I ask of you is that you take me seriously, as I have tried daily to take you seriously since I don’t know how long.

Sometimes I just feel it my Lord.

Allah, only you, your Prophets, and your Angels can tell who can take criticism at their job and who cannot. You are the judge of all.

Lord if I have learned one thing on this earth it is that it is far better to be taken seriously than to be viewed as a clown.

Allah, do you always smile?

Allah, is there a greater reason that we cannot see why your Prophets are valued at untouchable in society?

Allah, how unapologetic are we humans?

I feel it again my Lord.

A reality they had forgotten, my Lord.

Allah, does more material make us humans want more out of life that we cannot have? What is the cause of wanting more out of life is there is one?

Friends and loved ones may come and go but I will try my best to make sure my values do not.

Allah, when do you feel sympathetic for us believers when we are judged?

Allah, what percent of people want to be righteous in 2022?

Allah, do us humans always return to our roots?

How rare am I Allah?

Sometimes it is too much for me, my Lord.

Sometimes you just have to hold on.

Lord, I believe it.

Saved for them, my Lord.

I feel it again, my Lord. I am amazed.

All we wanted my Lord was for everyone to be viewed equally.

You were right Allah, there is always a reason to live.

If it clicked and it is because of you alone, I want to thank you Allah.

I know personally to some extent you do not mess around.

Sometimes you just know it.

Lord I believe the true believers only care about the laws alone what is written in the Quran far above the success of the Ummah.

Allah, I will never know if it was a gift in disguise.

Allah, what is evil?

Lord, thank you.

Lord, I can’t understand how serious it is to you. I don’t know.

We know we are going to win, my Lord.

I will think of you every day, my Lord.

It makes me wonder how deep I will get in religion, my Lord.

Allah, you know all people.

Lord, I cannot imagine the fact the Angels make when someone tries to justify something that goes against your laws.

Was a Prophet ever like that, my Lord?

They all wanted to be like him.

Satan plans, I’ve heard it.

Could this be done to anyone, my Lord?

Were they the best soldiers ever? I think so.

Something I had not thought, my Lord.

This might get out of hand.

They try.

I try.

Is it possible all of our dreams on this earth are fulfilled in Paradise. I am not sure, my Lord.

There is not one secret in Islam.

I just know the truth, my Lord.

Were they not as amazing as they thought, my Lord?

I just know.

Maybe I am starting to get it, my Lord.

It’s difficult to say the least, my Lord.

My math skills have finally helped, my Lord.

My mom taught a good lesson, my Lord.

It almost came out of me, my Lord.

I think you might do that, my Lord.

I think I may know, my Lord.

You are always one step ahead, my Lord.

Almost, my Lord.

Perhaps the Angels only wanted good for us in the way of teaching us a lesson.

Did you shove it in their faces for trying to take you out of society?

I have become someone I am not and there is no going back for good as you know, my Lord. Only you know my future, my Lord.

Maybe that is what you wanted, but I am not the best at reading signs as you know, my Lord.

Did you answer my prayer? I think so, my Lord.

Perhaps it was to show the world could be fair to you, but I not know, my Lord.

So, I can’t then, am I correct, my Lord? I believe so. As you said in the hadiths, wish for so and so.

Maybe, just maybe. Indeed, you do listen to our prayers and talk to us.

You know I did God.

I still want to be there, my Lord.

Adam and Moses loved each other did they not, my Lord?

Oh, I know.

Perhaps that was all I ever wanted, my Lord.

I do believe you offer that, my Lord.

I will never know till I meet you, my Lord. But you do.

I think I figured it out, my Lord.

This turned on me, my Lord.

Your angels heard and saw everything, my Lord.

Indeed, it does please you, my Lord.

You knew, but I didn’t listen until I was reminded.

Is it such, my Lord?

You were right my Lord, I just didn’t know.

You had made me special when I least expected it.

Is it to please you? Your laughter is like none other.

Is that the reason? I think it is, my Lord.

I am still reminded of you, Lord.

So what name shall you address me with, my Lord?

That’s how it started, is that correct my Lord?

Indeed, are you not the Father?

Ah, did people rush to religious centers? I wonder this, my Lord.

I will let you decide, my Lord. You have my signature.

Just like my dad, my Lord.

It was too much, my Lord.

I know, my Lord.

Is it true Allah? I think it is.

Am I excited? I might be!

I am convinced I will never stop thinking of it, my Lord.

I think I know now why he smiled, my Lord.

It is such, my Lord.

I did not see that at all, my Lord.

I wonder this, my Lord. I think so!

I did not see that coming, my Lord. Certainly not that at all.

I may know one way to outrage you. Or I don’t know this detail about you at all.

Perhaps, perhaps, my Lord.

This is a big question I have for you my Lord, is it such?

Perhaps, perhaps.

Is it not to protect as you had stated?

Lord, I hope I am telling you the truth about what my goals are teaching your faith.

I might be seeing it my Lord. How big there are not even words.

He doesn’t get it, she doesn’t know either, my Lord.

I promise Allah, it was not for this. I do admit it may have been part of that, but I learned the lesson quickly.

God, are you even smarter than I thought? I think so.

Could it be? The delivery I had been asking for?

I think I finally get it, my Lord.

Let’s see how much this means to me, my Lord.

Maybe I can prove it, my Lord.

I must ask, my Lord. I think I might be catching on.

I know the outrage it causes me, my Lord.

We will discuss it later, my Lord. Do I get it now?

Could this be it? I am without words if true, my Lord.

Please, please, my Lord?

Let’s see, my Lord. I am excited no doubt.

Is that a way to remember you Allah? I think so.

You might have to explain that one to me, my Lord.

Do I finally get it, my Lord?

So, if this goes well, I would like to meet him again for a good talk, my Lord. I think he and I have a lot in common. I will explain to your final Prophet why I picked him that it is not for one reason only. I have hope it looks good for both of us.

Did I tap into you? I might have, my Lord.

Can I claim this, my Lord.

Ah, so it is such, my Lord.

My Lord, you are very, very smart.

I know, and I will always know.

Ah, but I didn’t know that about your Final Messenger.

Is that why? I am amazed if so, my Lord!

Lord, I am amazed if I am right here!

I think Allah, I think.

That was awesome, my Lord.

I must ask if allowed to, my Lord.

I am sure I am on to something, my Lord.

I must ask them, my Lord. But only if you want, you can decide.

I have another question for you, my Lord.

How smart you are, my Lord.

I am amazed! Speechless!

One of them cared, and that’s enough for me, my Lord.

I will ask you, my Lord.

God, I will pose this to you.

In your defense, you did provide such.

It is so much, my Lord.

If only I knew the approach needed Allah. You know best, Allah.

I’m no better than them, my Lord.

I still see it as you know, my Lord.

They loved us, but only so many would listen.

Did you assure me, oh Muhammad?

You know who I am, oh Muhammad.

I wonder, my Lord.

I want this conversation, my Lord.

What rank am I, my Lord?

You know, my Lord.

I will claim this, my Lord.

Can’t thank him enough, my Lord.

I wonder this, my Lord.

You will know, my Lord.

Maybe, just maybe, my Lord.

Is that why, my Lord?

If it is allowed, I would like to ask you this, my Lord.

I will always remember.

You know.

If you want, we will talk about it, my Lord.

I take interest in this, my Lord.

I think this, am I right?

I did try, my Lord.

One can only dream, my Lord.

God, what you and your Angels deem necessary to explain to me, I am more then willing to listen.

Angels, is that a word you do not like? I think so.

Lord, you are a genius.

I have realized it, my Lord.

I will claim this, my Lord.

Thank you, Allah.

Can I ask you this, my Lord?

Can I ask, my Lord?

I would like to tell your Angels this, but I will need a far better understanding of it, my Lord.

We can talk about this if you want, my Lord.

I will be saying this verse to your Angels, my Lord.

Can I ask, my Lord?

That was a great dream, my Lord.

I would like to talk about this, my Lord.

We can approach this, if you want, my Lord.

That’s how I feel, my Lord.

I did try, my Lord.

I will ask you this, my Lord. I would like all the specifics from you, my Lord.

If only they knew, my Lord.

Do I know more about you, my Lord?

What a miracle, my Lord.

Is this why, my Lord?

I am sure I am not, my Lord.

Is this why, my Lord?

So, it won’t hold up Angels? I believe you had told me this.

You must have understood, my Lord.

I think there are two, my Lord.

Is it such, my Lord?

By your might, I would love to know her name.

I believe I have seen her again.

I have more questions for you, my Lord.

I will explain this, my Lord.

We will know, my Lord.

I have a question for you, my Lord.

This is why I think such as to why, Muhammad.

I will be claiming this, my Lord.

I believe you did, my Lord.

By your power and might, I did not, my Lord.

Can I ask, my Lord?

Is it such, my Lord? I think it is.

For you alone my Lord, I will try to understand this.

I know, I know.

I have a question for you, my Lord.

I know it, Allah.

I’m excited for it.

What are the odds, my Lord?

I cannot describe it, my Lord.

This is what I believe, Angels.

God, this is how I will address you.

Allah, I have a big question for you.

You are smarter than me Allah.

I love it Allah.

I have a guess, my Lord.

God, I will tell you this directly.

I will also be saying this, my Lord.

I would like to know this, Allah.

I believe it is so, Angels.

I will claim this on this day, Angels.

I do feel such, Angels.

I would like to ask you this, Angels.

I pose another question for your Angels, my Lord.

I will claim this, Angels.

Angels, I will ask you this.

I would like to ask you this, Angels.

There is thought put into it, my Lord.

What did you want me to do differently, Angels?

Angels, I would like to ask you this.

I will debate this, Angels.

Angels, am I correct on this? I believe so.

This is what I believe, Angels.

Angels, I will ask you this.

What do you think of this, Angels?

Angels, we can talk about this if you choose.

Angels, can you please answer this for me?

Angels, this is how I will answer you.

Angels, if such, please show me.

Good job with her, my Lord.

Angels, I would like to ask you this.

Angels, I believe this, am I wrong?

Angels, if you can address this, please for me.

Angels, you all know.

Angels, am I somewhat correct about this?

Angels, how do you map this? I would like to know.

Angels, I have another question.

Angels, I would like to ask you this.

Angels, you know better than me.

Angels, I have another question for you.

Angels, I would like to ask you this.

I think it was such, Angels.

I know, Angels.

I may try to make the case, Angels.

Angels, I have two questions for you.

I am prepared by this point, Angels.

Angels, it may be such.

I think I figured something without words out, Angels.

Angels, is that why?

Angels, I cannot understand that at all.

I think it can be done Angels.

I cannot understand this, Angels.

Would they be a different kind of low, Angels?

Angels, I would like to ask you this.

I had a dream. I couldn’t tell what was happening, I felt that I was alive. All my other dreams didn’t feel this way.

It felt so real, Angels.

Angels, it will work very well then.

Angels, it was a surprise to say the least.

Angels, this is what I believe.

Angels, I may claim this.

Angels, you know.

A turn of events, indeed Angels.

Above all else, Angels.

I have a question for you, Angels.

Angels, it is true.

Angels, I do believe such.

Angels, I pose another question for you.

Angels, I believe such. Is it true?

You are a genius, my Lord.

Angels, could someone claim this?

I’m still in disbelief, Angels.

I understand better now, Angels.

Angels, if this is true, I accept this.

Angels, I have a question for you.

Angels, I can claim this.

Angels, why is it such?

I will bring this up, Angels.

Should I be judged as such, Angels?

I do believe so, Angels.

Maybe, maybe, my Lord.

He knew beforehand, Angels.

Angels, how do I know this?

Angels, I would like you to acknowledge such before your ruling of me.

Angels, I believe this is such, am I right?

Angels, is it such?

Angels, if that is your Mosque, I will claim such on the Day of Judgement. You will be the ones to decide if that ruling is correct or not.

Angels, is it such?

Angels, I will ask you this.

Angels, I will know.

Angels, I do believe her intent was such.

Angels, I would like to be taught such. Also, how many will claim such on this day?

Angels, it is done like that?

Angels, I proved it.

Angels, I will bring this up.

Angels, why?

Angels, why?

Angels, they cannot write it this way.

Angels, why?

Angels, why?

Who will be the judge of this, Angels?

A good job, Angels.

Angels, was that the only way of announcing it to me?

Angels, I believe it is such.

Angels, I will make my case on this day.

Angels, what are the odds?

Angels, I have to ask you about this.

Angels, I request such.

Angels, why?

Angels, I was deceived.

Angels, I was mistaken.

Angels, they succeeded.

Angels, I will never forget.

It was always true, Angels.

Angels, I am a leader.

Angels, they were mislead.

Angels, I may claim this on the day.

Angels, she doesn’t care.

Angels, is it acceptable to address someone this way?

Angels, if it is brought up.

Angels, I am not ready yet for this day.

Angels, I will claim such.

Angels, I did the right thing.

Angels, I may claim this.

Angels, I have a beginners understand of how this works.

This is not true, Angels.

Angels, I will claim this on the day.

Angels, he does not listen.

Angels, I am impressed with him.

Angels, what is going on?

Angels, they don’t get it.

Angels, I will be prepared for this if it is discussed.

Angels, if you tell me this, I will be unsure on this day for this.

Angels, why?

Angels, it wouldn’t affect him.

Angels, it wouldn’t affect him.

Angels, they have not a care in the world.

Angels, I know he will claim this.

Angels, I did what she did.

Angels, this is how I will answer to you.

Angels, I will claim this.

Angels, I had gone by what the leader said.

Angels, I had gone to you.

This is going far, Angels.

Angels, this is what I was told.

Angels, he failed to deceive me.

I do believe he will be getting a reward, Angels.

Angels, I don't believe this is the reason.

Angels, why?

Angels, this will have to be explained to me.

Angels, how?

Angels, you will have to explain this to me.

Angels, this upset me very much.

He knew Angels.

Angels, this is serious.

Angels, I had not gotten one day off.

Angels, I have to understand how this works.

Angels, possibly.

Angels, why?

Angels, he is a troll.

Angels, this took me awhile to understand.

Angels, she will make things worse.

Angels, I had done as was required in Massachusetts.

If it could be possible, Angels.

Without them, I don’t believe I would be Islamic, Angels.

Angels, I believe our Lord wants to see this.

Angels, you have this right.

Angels, I was told to go there.

Angels, it must please our Lord.

Angels, I believe he is one who will be rewarded.

Angels, I had abided by the rules Allah had set.

Angels, it will be in their names.

Angels, if cannot be used against me.

Angels, the money would be wasted.

I ponder this, Angels.

Angels, why?

Angels, there is something else at play here.

I never could have imagined, Angels.

Angels, if this day is weighed this way, I had given one of the most.

Angels, if this is true, what would be?

I could almost feel your presence, Angels.

Angels, you will have to explain that to me.

This is what I believe, Angels.

Angels, I was needed.

Angels, I offered you this.

How will this be discussed, Angels?

I believe this to be a fact, Angels.

It is by design, Angels.

He follows his own desires, Allah.

Angels, I count these as good deeds.

Angels, you do so much.

Angels, these are my contributions to Islam.

Angels, maybe.

Angels, it is pathetic.

The dream I will never forget, Angels.

Angels, how does this work?

Angels, what is going on with this?

Angels, why?

I will be direct about it, Angels.

Angels, what is going on here.

Angels, good thing.

Angels, she will have to explain that to you.

Angels, this is one of the reasons.

Angels, that was the reason.

Angels, I don’t understand why.

Angels, in 2023 as I have shown, the opposition cannot be rallied.

Angels, the intent should be counted.

Angels, if it happens that way, it will be it.

She got played, Angels.

Angels, when it suits him.

Angels, why?

Angels, I was right.

Angels, there is some serious issue with him.

Angels, I had abided by the rules Allah had set.

Angels, it will be in their names.

Angels, it cannot be used against me.

Angels, why?

If you had warned, things would be different.

Angels, what about my values?

Angels, this is sad.

Angels, he is a fraud.

Angels, this will be taken into account.

Angels, I was treated as a leader on this earth.

Angels, he doesn’t get it.

Angels, I have another example for both.

Angels, I could have.

Angels, this cannot be happening.

Angels, I listened to you.

Angels, he has not a care in the world.

Angels, unfortunate for him.

Angels, how worse can he get?

Angels, I will claim this.

Angels, I did not know this.

Angels, I didn’t have the option.

Angels, what an honor.

Angels, she hates me.

Angels, I had done that.

I did not see that coming, Angels.

Angels, how would I learn?

Angels, I will make my cares.

Angels, that is not fair.

Angels, it has to be.

So stressful for her, Angels.

She demands it her way, Angels.

Angels, I was treated less.

Angels, I am confused.

Angels, it is such.

Angels, which is it?

Angels, does that make any sense?

So you know, Angels.

Angels, what?

If only they listened, Angels.

Angels, he is too strange.

Angels, I find this unreal.

Angels, she is excessive.

Angels, he lacks a brain.

Angels, what happened to me was unacceptable.

Angels, you did not do that.

Angels, you can explain this to him.

Angels, I know it will be your best on the Day of Judgement.

Angels, it is true.

Ugh, Angels.

Angels, the way he walks is funny.

Angels, she does not care.

Angels, she is insane.

I don’t understand, Angels.

Angels, why?

Angels, what is her deal?

Angels, this cannot be claimed.

Angels, I also did this.

Angels, what was expected of me?

All could be claimed, Angels.

There is no freedom in America, Angels.

Angels, he is a liar.

You had never talked to me Prophets and Angels.

Angels, wrong answer.

Angels, you will have to fix this.

Angels, I will explain this to you.

Angels, authority meant nothing in America.

I am embarrassed, Angels.

Angels, I want an apology.

Angels, he is pathetic.

Angels, he is fake.

Angels, she wants revenge, and she is weak. She lies about it.

Angels, I always had a positive mindset every day.

Angels, she is not a mother.

I did not get to live, Angels.

Angels, this is sad.

Angels, I am not understanding this.

Angels, I cannot understand this.

Perhaps it is special to you, my Lord.

Angels, I had done as you had asked.

Angels, if you walk away.

Angels, I will expect more in compensation.

Angels, I don’t think he got it at all.

I don’t understand this, Angels.

Angels, he is also pompous.

Angels, we don’t have time for that.

Angels, why?

Angels, it could have helped.

Angels, I did not do such.

Angels, I don’t understand.

Angels, I don’t understand.

Angels, that is what I had heard.

Angels, where are they?

Angels, I guessed it right.

Angels, please explain this to me.

Angels, please explain this to me.

Angels, if you want to explain this to me.

Angels, I don’t understand this.

Angels, what did you want me to do?

Angels, this will have to be acknowledged during the Day of Judgement.

Angels, I don’t get this.

Angels, I do not understand.

Angels, this would have happened.

Angels, I see why.

I cannot understand, Angels.

Angels, I have another question.

Angels, this is how I feel about it.

Angels, I am sickened.

Angels, that is not dramatic.

Angels, it is both.

Angels, do you understand this?

Angels what was the point of that?

Angels, that is not fair.

Angels, that is unreal.

Angels, why?

Angels, why?

What did you want, Angels?

Angels, how come?

Angels, you gave it to her.

Angels, unreal.

Angels, if such.

Angels, they did so little.

Angels, he is a fraud.

Angels, to this day I do not understand this.

Angels, if you want, I will show you this.

Angels, why is this happening?

Angels, I am not seeing the improvement.

Angels, I couldn’t do it.

Angels, that is not correct.

Angels, it is pathetic.

It will be interesting, Angels.

Angels, I don’t understand.

Angels, I will tell you this.

Angels, we tried.

Angels, it is pathetic.

Angels, scary.

If he gets any good deeds, Angels.

Angels, you are ahead of it.

Angels, it is up to you.

Angels, I expect an apology.

Angels, I was not treated equal.

Angels, I am satisfied.

Angels, please explain this to me, I do not understand it.

Angels, they wouldn’t listen.

Angels, if this is the case, what did you view us as?

Angels, I figured it out.

Angels, I want another apology.

Angels, I find this funny.

Angels, unreal.

Angels, you know.

Angels, what is going on?

Angels, he is insane.

Angels, I was called this.

Angels, he pushes me around.

Angels, that’s what happened.

Angels, they didn’t listen.

Angels, you didn’t let me.

Angels, it is fair.

Angels, I figured it out.

Angels, it is true.

Angels, I don’t find it funny.

Angels, this will be claimed by me.

Angels, I don’t understand.

Angels, not funny.

Angels, I will offer you this.

Angels, unfair.

Angels, what did you want?

Angels, he is done.

Angels, I have no clue.

Angels, it may have been my goal.

Angels, what did you want?

Angels, I see no issue with this.

Am I funny, Angels?

Angels, I would like to know this.

Angels, that is an injustice.

Angels, it will be the best effort now.

Angels, I got things done.

Angels, I had requested this.

Angels, now we are there.

Angels, I realize.

Angels, I am speechless again.

I believe I was right, Angels.

Angels, I did not say that. It upsets me very much. My name must be removed from there.

I didn’t think of it, Angels.

I applaud them, Angels.

I do admit, I do not know what the Prophets are doing, Angels.

I am amazed that we can work together, Angels.

Angels, he gave me a definite.

Angels, unreal.

Angels, this is what I will tell you if this is brought up.

Angels, I see no issue with this.

Am I funny, Angels?

Serves him right, Angels.

Angels, someone is in serious trouble.

Angels, this is how I approach this.

Angels, why?

Angels, these will be recorded as good deeds.

Angels, I don’t agree with that.

Angels, he knew.

I knew it, Angels.

Angels, Prophet Muhammad wouldn’t.

Angels, I wanted only what they want.

Angels, I would do such.

Angels, why?

Angels, I don’t understand.

Angels, why?

You are all very wise, Angels.

Angels, could it be?

She did a good job, Angels.

Angels, that was a sin.

Angels, he will make his case.

Angels, he doesn’t.

Angels, unfair.

Angels, I disagree.

Angels, why?

Angels, another insult.

Angels, a false quote.

Angels, why?

Angels, I am lost.

Angels, why?

Angels, I know.

Angels, wow.

Angels, why?

Angels, it made it that much worse.

Angels, why?

Angels, we will discuss this.

Angels, I don’t know.

Angels, it is not true.

Angels, I get the blame.

I believe I am right, Angels.

No care at all, Angels.

Angels, why?

Angels, all the respect.

Angels, she was honest about it.

Angels, if I was told this.

Angels, I figured it out.

Angels, this is how I see it.

Angels, perhaps.

Oh geez, Angels.

Angels, I had done it once.

Angels, I do not deserve the blame.

Angels, I don’t understand.

Angels, that is not fair.

Angels, how?

Angels, how will this be sorted out?

Angels, the verse said this.

Angels, I don’t understand this.

Angels, ugh.

I could have never envisioned that, Angels.

Angels, I don’t know.

Angels, why?

Angels, I don’t understand.

Angels, why?

Angels, why?

Angels, if you do that, it is fine.

Angels, I don’t understand.

Angels, this is what I believe.

Angels, why?

Now we know, Angels.

Angels, it is unfortunate.

Angels, I am proud.

I will credit you, God.

Angels, I don’t understand.

Angels, this is how I see it.

Angels, I figured it out.

Angels, I have my perspective.

Angels, pathetic.

Angels, serves her right.

Angels, I came to realize it.

I would believe such, Angels.

Angels, she has no concept of this.

Angels, that is not a sign.

I take that one personal, Angels.

Angels, wow.

Angels, it is valid.

It is a bit funny, Angels.

Angels, it is pathetic.

Angels, wow.

Angels, pathetic.

Angels, how?

Angels, I would like your response.

Angels, that is my philosophy.

Angels, she gets it.

Angels, she is wrong.

Angels, the option was there.,

Angels, I figured it out.

Angels, that is not valid.

Angels, this is what I believe.

Angels, I don’t understand.

Angels, I realize.

Angels, why?

Angels, it is childish.

Angels, it is correct.

Angels, I couldn’t disagree more.

The truth will be revealed, Angels.

Angels, I will get my definite answer.

Angels, I will give you this.

That’s what happens, Angels.

Not sure what happened there, Angels.

Must upset them too much, Angels.

They got it, Angels.

Angels, he is trying.

Angels, it is not true.

Angels, I will explain this to you.

This is what I believe, Angels.

What does this mean, Angels?

Angels, this is what I believe.

This is what I believe, Angels.

This is what I believe, Angels.

Angels, why?

Angels, this was my intent.

Angels, sad.

Angels, it is a fact.

Angels, we had no time.

Angels, I don’t agree with that at all.

Angels, how does this work?

This is what I was told, Angels,

If this is brought up, Angels.

Oh no, Angels.

Angels, I acknowledge this.

Angels, I know.

Angels, that was part of the reason.

Angels, I don’t understand.

Angels, sad.

Angels, why?

Angels, why?

If so, why Angels?

Angels, I don’t understand.

Angels, I believe it is valid.

Angels, no.

Angels, why?

Angels, sad.

Angels, why?

They wouldn’t want me, Angels.

Angels, that is all he cares about.

Angels, why?

Angels, I don’t agree with this.

Angels, she is a hypocrite.

Angels, it makes no sense.

Angels, what does this mean?

Angels, why?

Angels, I don’t understand.

How is this possible, Angels.

Angels, I had not thought of it.

Angels, that is not true.

Angels, I know it.

Angels, how do they not get this?

Those were their words, Angels.

Angels, no care.

Angels, I do not get it.

Angels, I don’t understand.

Angels, I don’t understand.

Angels, it is sad.

Angels, he is a hypocrite.

Angels, I don’t find that funny.

Angels, how?

Angels, that’s low.

Angels, I cannot understand this.

Angels, I am truly sorry.

Angels, unreal.

Angels, that is dictatorial.

Angels, I guess I am not good enough.

Angels, I don’t believe it.

Angels, this is what I will say to you.

Angels, is that the approach we shall take?

Angels, I did not think.

One can think that way, Angels.

It could be seen as such, Angels.

Oh geez, Angels.

Angels, how would a Prophet handle this?

Angels, they wanted to hear from me.

Angels, I don’t understand.

Angels, there is a difference.

Angels, I realize it.

Angels, those two do not go together.

It cannot be both, Angels.

Angels, I deserve the right to skip the line.

Angels, this what I will tell you.

Angels, I have the capability.

Angels, I believe that is good work on your part.

Angels, I figured it out.

Angels, I don’t get it.

Angels, that is unfair.

Angels, what happened?

Angels, I figured it out.

Angels, it is sad.

Angels, it is sad.

Angels, I don’t appreciate that.

I am amazed, Angels,

Angels, I don’t understand.

Angels, he doesn’t get it.

Angels, I don’t understand.

Angels, I don’t believe her.

Angels, why?

Angels, I don’t get it.

Angels, I understand.

Angels, I don’t get it.

Angels, that is not fair.

Angels, he was correct.

Angels, they couldn’t understand.

Angels, you knew it.

Angels, that is the issue.

Angels, that is all that matters.

Angels, I figured it out.

Angels, I wonder this.

Angels, I don’t get it.

Angels, it figures.

Angels, that is what I believe.

Angels, I figured it out.

Angels, I don’t get it.

Angels, I don’t get it.

Angels, I don’t get it.

Angels, why?

Angels, that would be valid.

Angels, this what I believe.

Angels, why?

Angels, please explain this to me.

Angels, that is not right.

Angels, I don’t understand.

Angels, I don’t appreciate it.

Angels, it is that simple.

Angels, there is your proof.

Angels, I don’t get it.

Angels, if this brought up.

Angels, I don’t get it.

Angels, you will have to apologize.

Angels, I don’t see the point in it.

Angels, I don’t get it.

Angels, eh.

Angels, that is the truth.

Angels, that is awful.

Angels, if this brought up.

Angels, why?

Angels, I don’t know what to think.

Angels, that is wasteful.

Angels, I don’t get it.

Angels, I pay for it.

Angels, this is what I believe.

Angels, do they not realize?

Angels, aren’t they liable?

Angels, I tried.

Angels, I don’t get it.

Angels, if I am to be honest here.

Angels, I don’t get it.

Angels, I will explain this.

Angels, we all know it.

Angels, there you go.

Angels, that is what I believe.

Angels, I realize.

Angels, that could be it.

Angels, I don’t understand.

Angels, that is what I believe.

Angels, I don’t understand that.

Angels, I tried.

Angels, that is the truth.

Angels, sad.

Angels, unreal.

Angels, I don’t get it.

Angels, unreal.

Angels, I figured it out.

Angels, I will have to have this explained to me.

Angels, I didn’t know how to respond to him.

Angels, I don’t understand why.

Angels, why?

Angels, I couldn’t understand.

Angels, I don’t get it.

Angels, she is horrible.

Angels, well.

Angels, I am lost.

Angels, I couldn’t.

Angels, that is what happens.

Angels, I am speechless.

Angels, it is true.

Angels, I don’t get it.

Angels, why?

That’s not how it works, Angels.

Angels, I am being honest with this.

Angels, that is unreal.

Angels, I don’t get it.

Angels, you realize.

Angels, you will have to acknowledge this.

Angels, I don’t get it.

Angels, it would not matter.

Angels, I will claim this.

Angels, why?

Angels, I am impressed.

Angels, I will not respond to this if you bring it up.

Angels, I will not hear it.

Angels, how will you resolve this?

Angels, I don’t know.

Angels, this what I believe.

Angels, that was never my intent.

Angels, this is what I was instructed.

Angels, that is reality.

I expect an apology, Angels.

Angels, that is not fair.

Angels, why?

Angels, that is a Guinness record.

Angels, that is not fair.

Angels, it is rude.

Angels, I am expecting an apology.

Angels, why?

Angels, well.

Angels, more evidence.

Angels, it is unfair.

Angels, I don’t get it.

Angels, that is what happens.

Angels, this is serious.

Angels, I couldn’t.

Angels, why?

Angels, will she be ok?

Angels, unreal.

Angels, I don’t get it.

Angels, why?

Angels, it is not fair.

Angels, this will have to be explained to me.

Angels, which is it?

Angels, I don’t get it.

Angels, I don’t get it.

Angels, this is what I believe.

Angels, the case could be made.

Angels, I believe this.

Angels, I don’t understand.

Angels, as you realize.

Angels, I don’t believe it is fair.

Angels, why?

Angels, I am without words.

Angels, I truly do not get this.

Angels, what did you want me to do?

Angels, that is not fair.

Angels, I don’t get this.

Angels, as you know.

Angels, something must have been incorrect.

Angels, why?

Angels, it will be taken into account then.

Angels, that is not how it works.

Angels, which is it?

Angels, I do not understand.

Angels, I cannot understand.

If such, I cannot do it, Angels.

Angels, oh geez.

Angels, this is what I believe.

Angels, this is what I believe.

Angels, I expect a good explanation.

Angels, there you go.

Angels, I don’t get it.

Angels, please do not blame me for this.

Angels, why?

Angels, it is scary.

Angels this is what I believe.

Angels, you didn’t speak on it.

Angels, why?

Angels, that is what happened.

Angels, perhaps.

Angels, why?

Angels, that is the truth.

Angels, well.

I had not thought, Angels.

Angels, I was told this.

Angels, I don’t get it.

Angels, if this discussed, why?

Angels, why?

Angels, I don’t get it.

Angels, why?

Angels, why?

Angels, that is what I believe.

Angels, possibly?

Angels, if so, thank you.

Angels, I don’t get it.

Angels, I figured it out.

Angels, why?

Angels, I figured it out.

Angels, if this is brought up.

Angels, if this is correct, I will skip it.

Angels, we will have to discuss this.

Angels, I expect an explanation for this.

Angels, that was not the agreement.

Angels, why?

Angels, how unfortunate.

Angels, that is not fair.

Angels, I expect a good explanation.

Angels, I figured it out.

Angels, I figured it out.

Angels, why?

Angels, why?

Angels, I did it.

Angels, why?

Angels, I would like to discuss this.

Angels, how unfortunate.

Angels, why?

Angels, it would only be fair.

Angels, if this is brought up.

Angels, well.

Angels, I realize it.

Angels, that’s not fair.

Angels, I don’t get it.

Angels, thanks a lot.

Angels, please explain this to me.

Angels, why?

Angels, no.

Angels, why?

Angels, why?

Angels, why?

Angels, if so.

Angels, I don’t get it.

Angels, he’s done.

Angels, this is what I believe.

Angels, I don’t understand.

Angels, why?

Angels, I find that funny.

Angels, I don’t get it.

Angels, I don’t get it.

Angels, why?

Angels, I figured it out.

Angels, she has too much time on her hands.

Angels, why?

Angels, why?

Angels, I don’t agree with it.

Angels, that is not fair.

Angels, why?

Angels, I don’t get it.

Angels, why?

Angels, why?

Angels, why?

Angels, I was not informed of this.

Angels, this is what I believe.

Angels, why?

Angels, why?

Angels, why?

Angels, why?

Angels, why?

Angels, I don’t get it.

Angels, why?

Angels, please explain this to me.

Angels, why?

Angels, it is not fair.

Angels, why?

Angels, what?

Angels, why?

Angels, I don’t get it.

Angels, I don’t get it.

Angels, why?

Angels, this will be brought into account.

Angels, why?

Angels, why?

Angels, why?

Angels, why?

Angels, why?

Angels, ugh.

Angels, we will count those as good deeds.

Angels, I don’t get it.

Angels, I am impressed.

Angels, she is horrible.

Angels, why?

Angels, I will claim this.

Angels, why?

Angels, how?

Angels, why?

Angels, I don’t get it.

Angels, I don’t get it.

Angels, as you are aware.

Angels, this is what I believe.

Angels, that is not fair.

Angels, why?

Angels, why?

Angels, why?

Angels, if asked for such.

Angels, I don’t understand.

Angels, I don’t get it.

Angels, geez.

Angels, interesting.

Angels, we shall see.

Angels, why?

Angels, well.

Angels, why?

Angels, this is what I believe.

Angels, that is what is written.

Angels, why?

Angels, why?

Angels, this is my response.

Angels, I don’t get it.

Angels, this is what I believe.

Angels, why?

Angels, why?

Angels, well.

Angels, why?

Angels, I don’t get it.

Angels, that is not fair.

Angels, that is not fair.

Angels, why?

Angels, why?

Angels, wise.

Angels, why?

Angels, why?

Angels, when this is brought up.

Angels, well.

Angels, good job.

Angels, why?

Angels, well.

Angels, this is what I believe.

Angels, what is going on?

Angels, I acknowledge such.

Angels, well.

Angels, this is what I believe.

Angels, why?

Angels, this is what I believe.

Angels, I have accepted such.

Angels, no.

Angels, so you know.

Angels, I don’t get it.

Angels, that’s not fair.

Angels, I don’t get it.

Angels, no.

Angels, well.

Angels, well.

Angels, those will count as good deeds.

Angels, why?

Angels, why?

Angels, that is the truth.

Angels, it will be taken into account.

Angels, this will be discussed.

Angels, well.

Angels, what?

Angels, why?

Angels, I am not sure how to approach this.

Angels, this is what I was told.

Angels, wow.

Angels, this will be brought up.

Angels, well.

Angels, this will be explained to me.

Angels, we shall see.

Angels, yeah.

Angels, why?

Angels, as you are well aware.

Angels, how?

Angels, why?

Angels, well.

Angels, well.

Angels, well.

Angels, wow.

Angels, obvious.

Angels, I am correct.

Angels, one good deed for her.

Angels, this will be discussed.

Angels, why?

Angels, why?

Angels, well.

Angels, yeah.

Angels, yeah.

Angels, why?

Angels, why?

Angels, it will be treated as such.

Angels, why?

Angels, why?

Angels, this is what I believe.

Angels, why?

Angels, well.

Angels, well.

Angels, well.

Angels, well.

Angels, why?

Angels, well.

Angels, I don’t know.

Angels, well.

Angels, well.

Angels, well.

Angels, that is pathetic.

Angels, why?

Angels, well.

Angels, why?

Angels, why?

Angels, well.

Angels, it will be counted even higher.

Angels, it is not valid.

Angels, that is not fair.

Angels, what is going on?

Angels, why?

Angels, yes.

Angels, well.

Angels, it will be discussed.

Angels, it will be discussed.

Angels, well.

Angels, you didn’t say.
